3. **Vision for the council** – Principles, staff
Jeff talked about his vision for the council is for parents to see the data and to help track improvements – we will do this by adding a tab to the school web site to add information from the community council.
Mr. Brinkerhoff also reported the high school was lowest in writing and reading with a 84% proficiency – this is the area they have chosen to target.

Mr. LeFevre reported that BVE didn't make AYP last year because of the economically disadvantaged students, they got a score of 82 and needed 84 to make state standard. Their main focus this year will be on writing and reading common core.
