

Bryce Valley High School  
School LAND Trust – Mid-Year Report

The School Land Trust Plan is being strictly followed.

Bryce Valley High School has been offering a music class and we have been paying the music assistant from our School Land Trust fund. The year to date cost for this assistant is \$1,650.

In the plan we allowed for an art class to be taught for half a year. This class was taught and was very successful. The art class had 30 students enrolled. The total expense for this class was \$6,000.

The e/2020 software has been purchased and there will be a six-week summer school program this summer. The cost of the software was \$1,000.

The forensic program has been meeting and they are preparing for Region 20 competition on March 6<sup>th</sup> and 7<sup>th</sup> at Piute High School. The cost of this program is \$800.

We have implemented an after school program for extra help for students. This program runs every Monday and Tuesday after school for an hour. This time is to help students finish class work and get more one-on-one time with teachers. The year to date cost of this is \$500.

These expenditures follow the plan that has been outlined and I feel that these programs are benefiting our students.
