

BV Community Council Minutes  
Feb 13th 2017, 6pm HS Library

Attendance: Katie Beesley, Carlon & Heather Johnson, Dan & LaNae Cloud, Principal Brinkerhoff, Principal LeFevre, Leisa Ahlstrom, Chance Stewart

Welcome: Carlon

Jan 9 minutes approved

Amendment to BVHS plan approved with changes to some wording

BVE has money to use before the end of the year; Ideas\* include:

- new CPUs for teachers from trustlands funds, & maybe *Garfield School District* could pay for 2 monitors per teacher
- Wiggle balls or movement-during-learning tools for more BVE students (Kindergarten already has balls)
- Large monitors to attach to computers instead of new Smart Boards
- Is it possible to roll a little more \$\$ over than usual for use supplying new classrooms once school is built?

Minersville & Millford have new schools for about 200 students whose design would work well for ours also

We hope the new Grade school has a full kitchen in case needed in future

Superintendent is looking into Diesel Generators for all schools in case of power outages  
This winter's outage ruined fans(?) in BVH heating system costing around \$4,000 to replace

\*Principal LeFevre will pass our ideas for the new BVE school on to the Superintendent.

In our next meeting we need to review Trustland Budget the plans for 2017-18 school year.

Next Meeting: **March 13, 2017** BVH Library
